"PivotEQ has had tremendous impact!"

- Previous process, manually review expense reports with unsubmitted transactions - then copy into an email to each individual.
- I would do this weekly until they submitted!
- Now employees read the PivotEQ emails and get the expense reports submitted on time!"

TESTIMONIAL - Economic Development Winnipeg

"I would recommend PivotEQ. Manual reconciliation is not feasible and does not scale."

And,

"PivotEQ is a fantastic program. Reconciliation would take days and days without PivotEQ, and we know in real time which cardholders we need to chase."
